WE ENABLE CONTENT-CREATORS TO CAPTURE & TELL THEIR STORIES.

At G-Technology we design some of the highest-performing, reliable, and leading-edge storage solutions for end-to-end creative workflows, which empowers creative professionals to capture their stories and bring their moments of inspired creativity to life.

Through every touch point of the creative process, we are there helping to keep things moving forward. From capture and ingest…transport and transfer…to editing and final production. With an ever-expanding portfolio of external drives and accessories to fulfill creative content requirements, it’s no wonder creative professionals all around the globe rely on G-Technology branded storage solutions.

Transfer footage fast, edit 8K footage at full frame rate, and quickly render VR projects with the new G-Technology™ Pro SSD family of devices. With a ruggedized portable SSD, high endurance desktop SSD, and a transportable RAID SSD solution, this family works together to improve your workflow.

PROFESSIONAL-GRADE SSDs

Transfer footage fast, edit 8K footage at full frame rate, and quickly render VR projects with the new G-Technology™ Pro SSD family of devices. With a ruggedized portable SSD, high endurance desktop SSD, and a transportable RAID SSD solution, this family works together to improve your workflow.

A scorching fast RAID powerhouse
8-Bay Transportable RAID Storage with Thunderbolt 3
Configurable in RAID 0, 1, 5, 10, 50 and 60

5-Year Limited Warranty
Performance up to 2800MB/s
Capacities: 8TB, 16TB, 32TB

Pelican cases sold separately
Scorching fast for intensive production schedules. Professional grade SSD with Thunderbolt™ 3

5-Year Limited Warranty
Performance: up to 2800MB/s
Capacities: 960GB, 1.92TB, 3.84TB, 7.68TB

Blazing speed. Savage strength. Portable, professional grade SSD with Thunderbolt™ 3

5-Year Limited Warranty
Performance: up to 2800MB/s
Capacities: 500GB, 1TB, 2TB
DEMANDING WORKFLOWS? NO PROBLEM.

Engineered to run fast, quiet, and around the clock, our portfolio of studio-ready storage solutions were designed with one purpose in mind – to meet the workflow needs of today’s most demanding and productive creatives.

These next-generation, high-throughput solutions utilize high-capacity, high-performance Enterprise-class hard drives that can be user-configured into a wide range of RAID options weighted toward speed or additional data protection.
Transportable, Hardware RAID
4-Bay Thunderbolt Storage Solution

Configurable in RAID 0, 1, 5, 10 and JBOD

MAC | WIN | THUNDERBOLT 3 | HARDWARE RAID | 7200 RPM

5-Year Limited Warranty
Performance: up to 1020MB/s
Capacities: 16TB, 24TB, 32TB, 48TB, 56TB

Pelican cases sold separately
Transportable, Hardware RAID
8-Bay Thunderbolt Storage Solution

Configurable in RAID 0, 1, 5, 6, 10, 50, 60, and JBOD

Pelican cases sold separately

Performance: up to 1350MB/s
Capacities: 24TB, 32TB, 48TB, 64TB, 80TB, 112TB

3-Year Limited Warranty

Performance: up to 1350MB/s
Capacities: 24TB, 32TB, 48TB, 64TB, 80TB

5-Year Limited Warranty

Performance: up to 2040MB/s
Capacities: 32TB, 48TB, 64TB, 80TB, 96TB, 112TB

3-Year Limited Warranty
Data management and the creative process are constantly evolving, and our aim is to constantly evolve – and expand – as they do. That’s what you get with our Evolution Series storage solutions.

Our ev Series gear can go from on-set or in-the-field to the studio and back. They’re flexible, reliable, and cross-functional, designed to simplify all types of workflows.
Transportable, Hardware RAID
4-Bay Thunderbolt Storage Solution

Configurable in RAID 0, 1 and JBOD

MAC WIN THUNDERBOLT 3 HARDWARE RAID 7200RPM

5-Year Limited Warranty
Performance: up to 500MB/s
Capacities: 20TB, 24TB
Configurable with 2 ev Series Bay Adapters to easily swap Evolution Series-compatible drives.

Transportable, Hardware RAID 8-Bay Thunderbolt Storage Solution

Configurable in RAID 0, 1, 5, 6, 10, and JBOD

Mac | Windows | Thunderbolt 3 | Hardware RAID | 7200 RPM | EV Series compatible

5-Year Limited Warranty
Performance up to 1500MB/s
Capacities: 24TB, 36TB, 48TB, 60TB, 72TB

Mac | Windows | Thunderbolt 3 | Hardware RAID | 7200 RPM | EV Series compatible

5-Year Limited Warranty
Performance up to 1300MB/s
Capacities: 18TB, 24TB, 36TB, 48TB, 60TB, 66TB

A little partner for your big ideas

USB-C ready; USB 3.0 and Thunderbolt™ 3 compatible

USB 3.0 ready; USB-C compatible

*Gold color is only available in the 2TB capacity.
I get the best hard drives out there, G-Technology, as they are the most reliable. I couldn’t say that about other manufacturers.

Nino Leitner
Award-Winning Filmmaker, Cinematographer, Film Producer

Photography is my focus, yet more and more I am getting into video. So I need super-reliable, high-capacity, freaking-fast drives for my workflows. I know what works for me, and that’s why I am sticking with G-Technology.

Dixie Dixon
Lifestyle, Fashion & Advertising Photographer
One terabyte (TB) is equal to one trillion bytes when referring to hard drive capacity. Accessible capacity will vary depending on the operating environment and formatting.

G-TEAM members are leaders in their respective fields who use G-Technology products in their day-to-day work lives. G-TEAM members are compensated for their participation.
