

High-Performance RAID for Direct Attached Storage

Benefits of ATTO ExpressSAS RAID Adapters:

- Offer cost-effective, high-performance RAID protection for direct attached storage allowing for multiple streams of SD and HD video editing – *optimized for high-bandwidth workflows*
- Full HD editing in degraded mode – *minimizes downtime to meet project deadlines*
- 50% Faster Rebuilds – *reduces exposure to simultaneous drive failures*
- Low-cost host level RAID protection – *affordable storage expansion alternative to RAID arrays*
- Mac® OS, Windows®, Linux support – *single solution for multi-platform applications*
- RAID Group Partitioning – *better access control and workflow management*
- Up to 1300MB/sec. RAID 5 – *higher performance than traditional SCSI technology*
