

ATTO

Network & Storage Connectivity Solutions for the new Mac Pro®

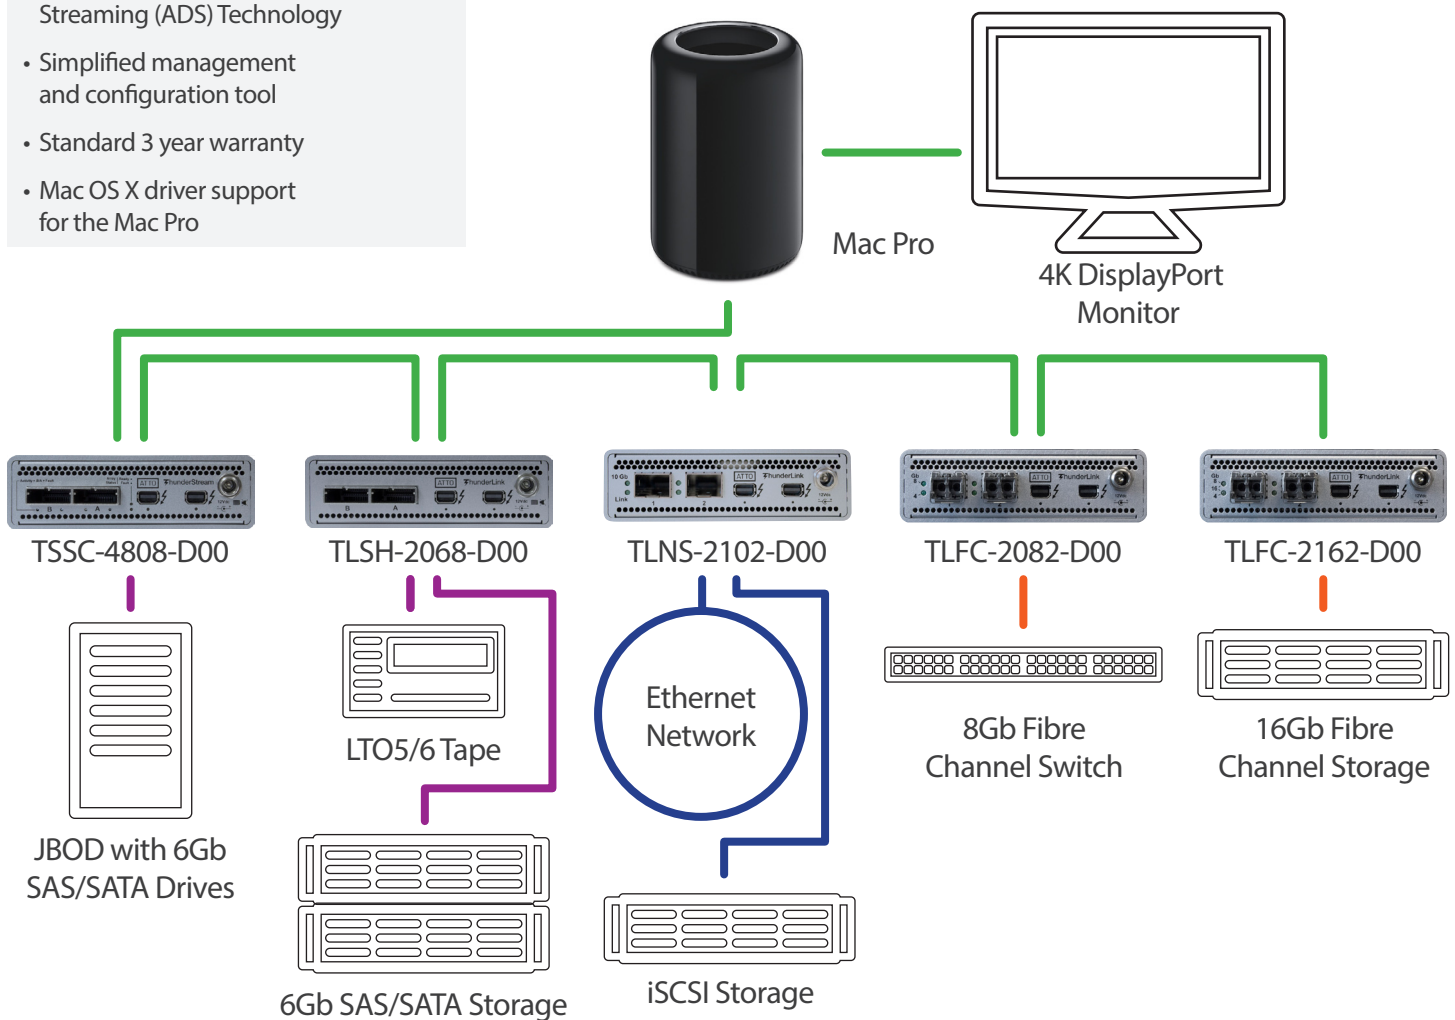

ATTO ThunderLink™ & ThunderStream™ Desklink Devices

Desklink Device Features

- Up to 1600MB/s throughput
- Dual 20 Gb Thunderbolt with DisplayPort and device daisy-chain support
- RoHS compliant
- Exclusive Advanced Data Streaming (ADS) Technology
- Simplified management and configuration tool
- Standard 3 year warranty
- Mac OS X driver support for the Mac Pro

ATTO has worked closely with the Thunderbolt™ development community to support the Thunderbolt 2 connectivity that is designed into the new Mac Pro®.

The ATTO Desklink Device line of products is purpose built to provide Thunderbolt connectivity to SAS/SATA, SAS/SATA RAID, 10Gb Ethernet and Fibre Channel storage and Networks. All are Thunderbolt certified by Apple® for Mac OS® X.

The World's Largest Selection of Thunderbolt Technology-enabled Devices Designed to Work Together

- ThunderLink NS 1101 (TLNS-1101-D00) - 10Gb Thunderbolt to 10Gb Ethernet
- ThunderLink SH 1068 (TLSH-1068-D00) - 10Gb Thunderbolt to 6Gb SAS/SATA
- ThunderStream SC 3808 (TSSC-3808-D00) - 10Gb Thunderbolt to 6Gb SAS/SATA RAID
- ThunderLink FC 2082 (TLFC-2082-D00) - 20Gb Thunderbolt to 8Gb Fibre Channel
- ThunderLink FC 2162 (TLFC-2162-D00) - 20Gb Thunderbolt to 16Gb Fibre Channel
- ThunderLink NS 2102 (TLNS-2102-D00) - 20Gb Thunderbolt to 10Gb Ethernet (SFP+ LC Optical)
- ThunderLink NT 2102 (TLNT-2102-D00) - 20Gb Thunderbolt to 10GBASE-T (RJ45 Copper)
- ThunderLink SH 2068 (TLSH-2068-D00) - 20Gb Thunderbolt to 6Gb SAS/SATA
- ThunderStream SC 4808 (TSSC-4808-D00) - 20Gb Thunderbolt to 6Gb SAS/SATA RAID
