FOR IMMEDIATE RELEASE

ATTO Technology to feature connectivity for all aspects of VMware workflows at VMworld 2017

Amherst, NY (July 27, 2017) – ATTO Technology, Inc., a global leader of storage, network connectivity and infrastructure solutions for data-intensive computing environments for nearly 30 years, will be featuring a series of demonstrations for the virtualization and IT markets during VMworld in Las Vegas, August 27-31, in Booth #1801.

IT administrators who rely on VMware® applications for critical business data should know that ATTO provides the widest portfolio of VMware certified storage and network connectivity solutions for workgroup to enterprise environments. The products ATTO will be presenting at the show include Celerity™ Fibre Channel host bus adapters (HBA), FastFrame™ Ethernet network interface cards (NICs), ExpressSAS® SAS/SATA HBAs and ThunderLink® Thunderbolt™ devices.

For those who need to upgrade their existing storage to add storage area network (SAN) functionality, ATTO will also be featuring the new XstreamCORE™ FC 7550 at the show. Among the benefits of an ATTO XstreamCORE enabled solution are:

- The most efficient way to remotely share SAS/SATA storage over Fibre Channel or Ethernet
- Reduce live VM migration time by up to 90%
- Flash based storage access is accelerated by up to 20X
- VMware Ready™ certified
- Negligible latency added by the XstreamCORE to SAS/SATA storage

ABOUT ATTO

For nearly 30 years, ATTO Technology, Inc., has been a global leader across the IT and media and entertainment markets, specializing in storage and network connectivity and infrastructure solutions for the most data-intensive computing environments. ATTO works collaboratively with partners to deliver a wide range of end-to-end, customized solutions to better store, manage and deliver big data. With a focus toward markets that require higher performance and with a dedication to working as an extension of customer's design teams, ATTO manufacturers host and RAID adapters, network adapters, storage controllers, Thunderbolt™ enabled devices, switches and software. ATTO solutions provide a high level of connectivity to all storage interfaces, including Fibre Channel, SAS, SATA, iSCSI, 40/10GbE, NVMe and Thunderbolt. Distributing its cutting-edge products worldwide through Original Equipment Manufacturers (OEMs), systems integrators, value added resellers (VARs) and authorized resellers, ATTO is the Power Behind the Storage.
