

ATTO and Dell PowerEdge Solution

For nearly 30 years, ATTO Technology Inc. has been providing high-performance storage and network connectivity infrastructure products. Our collaboration with Dell® has yielded leading server to high-density storage solutions consisting of ATTO's Celerity™ Fibre Channel host bus adapters (HBAs) and FastFrame™ 10GbE network interface cards (NICs) and Dell PowerEdge™ servers. The PowerEdge servers are engineered with the right mix of features and scalability to handle tough workloads in large data environments. Coupled with ATTO's high-performance and low-latency product features, it provides the perfect solution to keep pace with the growing demands of enterprise environments.
