

G-RACK™ 12 network-attached storage (NAS) delivers the ultimate in high-performance, centralized storage for small-to-medium size post-production houses, TV/broadcast studios, ad agencies and in-house creative departments that use Adobe® Premiere® Pro, Apple® Final Cut Pro® X or Avid Media Composer® and other creative applications. ATTO's ThunderLink® devices complete the end-to-end solution by giving users the ability to connect Mac Pros and Thunderbolt™ enabled mobile workstations.

- Reliability, scalability and studio-friendly technology
- Streamline demanding media and entertainment workflows of 4K and above
- Flexible 12-Bay server offering up to 120TB
- The latest btrfs file system for better data management
- Up to 500TB of usable storage with the addition of G-RACK 12 EXP Expansion Chassis units
