

## FEATURES

- Up to 2750MB/s throughput
- Dual 40Gb Thunderbolt™ with DisplayPort and device daisy-chain support
- Exclusive Advanced Data Streaming (ADS™) Technology
- Simplified management and configuration tool
- Standard 3-year warranty
- macOS® driver support

ATTO Technology Inc. has worked closely with the Thunderbolt development community to support the Thunderbolt 3 connectivity that is designed into the latest platforms such as the Mac®.

The ATTO ThunderLink® products are purpose-built to provide Thunderbolt connectivity to Ethernet and Fibre Channel storage and Networks. All are Thunderbolt-certified by Apple® for macOS to ensure optimal user experience.

## THE WORLD'S LARGEST SELECTION OF THUNDERBOLT DEVICES DESIGNED TO WORK TOGETHER

- ThunderLink FC 3162 (TLFC-3162-D00) - 40Gb Thunderbolt to 16Gb Fibre Channel
- ThunderLink FC 3322 (TLFC-3322-D00) - 40Gb Thunderbolt to 32Gb Fibre Channel
- ThunderLink NS 3101 (TLNS-3101-D00) - 40Gb Thunderbolt to 10Gb Ethernet (SFP+ LC Optical)
- ThunderLink NS 3102 (TLNS-3102-D00) - 40Gb Thunderbolt to 10Gb Ethernet (SFP+ LC Optical)
- ThunderLink NQ 3401 (TLNQ-3401-D00) - 40Gb Thunderbolt to 40Gb Ethernet
- ThunderLink NQ 3402 (TLNQ-3402-D00) - 40Gb Thunderbolt to 40Gb Ethernet
