

The Power Behind the Storage

ATTO Technology Announces Support for macOS® Mojave

Complete hardware and software portfolio supports latest macOS® release

AMHERST, N.Y., Sept. 24, 2018 (GLOBE NEWSWIRE) -- ATTO Technology, Inc., a global leader of storage, network connectivity and infrastructure solutions for data-intensive computing environments for 30 years, today reaffirmed its commitment to Apple® technology innovations by announcing support for macOS® Mojave.

Apple has long been a platform of choice for creative professionals. HD and 4K digital production and editing applications have expanded file sizes and project complexity, pushing users to grow their storage footprint exponentially. Apple's footprint extends into government, education and science, all of which require robust new features to handle today's data.

The new Mojave OS meets these increasing demands by featuring an updated file system and improvements for video and graphics. ATTO complements this performance boost by fully supporting Mojave.

ATTO is a network and storage connectivity innovator reliably powering high-performance, demanding workflows in media and entertainment, government and education, scientific and large data-block environments. From Thunderbolt™ to Ethernet, Fibre Channel to SAS/SATA, ATTO products are the highest performing connectivity solutions available for Mac environments.

Products included in the ATTO portfolio of macOS Mojave supported solutions are:

- [Celerity™](#) 32Gb/s (Gen 6), 16Gb/s (Gen 5 and Gen 6) and 8Gb Fibre Channel host bus adapters (HBAs) with [MultiPath Director™](#)
- [ExpressSAS®](#) 12Gb and 6Gb SAS/SATA HBAs and 6Gb RAID adapters
- Thunderbolt 3 and 2 enabled [ThunderLink®](#) adapters
- [FastFrame™](#) 40GbE and 10GbE network interface cards (NICs)
- Software including ATTO [ConfigTool™](#), [XstreamVIEW™](#), [Xtend SAN™](#) iSCSI Initiator, Express NAV™ and QuickNAV

ABOUT ATTO

For 30 years ATTO Technology, Inc. has been a global leader across the IT and media & entertainment markets, specializing in storage and network connectivity and infrastructure solutions for the most data-intensive computing environments. ATTO works with partners to deliver end-to-end solutions to better store, manage and deliver data. Working as an extension of customer's design teams, ATTO manufactures host and RAID adapters, network adapters, storage controllers, Thunderbolt™ adapters, and software. ATTO solutions provide a high level of connectivity to all storage interfaces, including Fibre Channel, SAS, SATA, iSCSI, Ethernet, NVMe and Thunderbolt. ATTO is the Power Behind the Storage.

All trademarks, trade names, service marks and logos referenced herein belong to their respective companies.
