FOR IMMEDIATE RELEASE

ATTO Technology Announces Support for Windows 10

Broad portfolio of hardware and software-based solutions gets new OS update

Amherst, New York (July 30, 2015) – ATTO Technology, Inc. today announced it will support Microsoft’s Windows 10 for its line of network and storage connectivity products. As the only connectivity provider that allows both servers and workstations to access enterprise class storage, ATTO also offers a suite of software-based productivity and performance-enhancing solutions supporting Windows.

“ATTO’s longstanding relationship with Microsoft, and product support of the newly released Windows 10, demonstrates our continuing commitment to offering users of multiple operating systems access to the latest technology,” said Tom Kolniak, Director of Products at ATTO.

Included in ATTO’s broad portfolio of Windows 10 supported solutions are:

- [Celerity™](#) 16 and 8Gb Fibre Channel Host Bus Adapters (HBAs) with MultiPath Director
- [ExpressSAS™](#) 12 and 6Gb SAS/SATA HBAs and 6Gb [RAID Adapters](#)
- Thunderbolt technology enabled ThunderLink™ and ThunderStream™ [Desklink Devices](#)
- FastFrame™ [10GbE Network Interface Cards](#) (NICs) and [Converged Network Adapters](#) (CNAs)
- Software including ATTO [ConfigTool™](#), [Disk Benchmark](#), CLI Tools, Express NAV™ and QuickNAV

ATTO products are available for purchase through leading resellers, system integrators, OEMs and the ATTO webstore. Learn more at <http://www.attotech.com/howtobuy/>
