

# ATTO/EMC Solutions

ATTO Technology, Inc. has been providing high-performance storage and network connectivity products for 25 years. ATTO is the ONLY vendor that allows customers to connect their Mac OS® X and Windows® 8/7/XP/Vista workstations directly to EMC storage. ATTO products are designed for low latency, high-bandwidth transactions important in Media & Entertainment and high-performance applications/workflows.

## Solution Benefits with ATTO MultiPath Director™

- ✓ High-availability Fibre Channel connectivity to EMC storage for Mac OS X, Windows 8/7/XP/Vista
- ✓ Improved manageability and scalability
- ✓ Direct workstation access to EMC Storage without the need for servers; reduces latency
- ✓ Support heavier workloads by aggregating bandwidth over multiple Fibre Channel links
- ✓ Boost productivity and reduce administration cost by sharing the storage in a Fibre Channel SAN
