

# ATTO & Isilon Provide 10GbE Connectivity Solutions

ATTO's FastFrame™ Ethernet network interface cards provide smooth, low-latency 10Gb connectivity into the EMC® Isilon® Scale Out Network Attached Storage platform, enabling the ability to manage throughput previously restricted to a more complex Fibre Channel Storage Area Network.

## Today's Challenges

- Expanding performance & storage requirements due to higher resolution and 3D projects
- Complexity and management while continuing to grow storage capacity
- The inability for Tier 1 storage to utilize creative workstation-based applications
- Content creators are looking for higher-performance, lower cost, and field-ready connectivity

## The ATTO-EMC Isilon Solution

- A single EMC Isilon OneFS volume consolidates the storage requirements for large workflows
- EMC Isilon scale-out NAS is easily deployed into existing media & entertainment workflows utilizing standard file-sharing protocols
- ATTO FastFrame™ Ethernet NICs provide high-performance 10Gb connectivity for Mac OS X and Windows 7 clients into the NAS environment, enabling the use of workstation-based applications

## ATTO-EMC Isilon Solution Compatibility

A network featuring ATTO 10GbE solutions allows EMC Isilon users the ability to connect servers, workstations, all-in-one systems, laptops and integrated computers into the Scale-Out NAS platform, providing the ease of use of a shared network volume as well as high performance and flexibility for scenarios such as remote editing and file access.

ATTO's Tested 10Gb Ethernet Compatibility with EMC		
EMC-Isilon System Storage	ATTO Products	
	FastFrame NS 10GbE NICs	ThunderLink NS 1101 ThunderLink NT 1102
X-Series Storage	Mac OS X Windows 8, 7, 2008, 2012 Linux	Mac OS X Windows
S-Series Storage	Mac OS X Windows 8, 7, 2008, 2012 Linux	Mac OS X Windows

EMC Select SKUs	
FastFrame NS11, 1 Port 10Gb Ethernet NIC	F-FFRM-NS11-000
FastFrame NS12, 2 Port 10Gb Ethernet NIC	F-FFRM-NS12-000
FastFrame NS14, 4 Port 10Gb Ethernet NIC	F-FFRM-NS14-000
FastFrame NT11, 1 Port 10GBASE-T NIC	F-FFRM-NT11-000
FastFrame NT12, 2 Port 10GBASE-T NIC	F-FFRM-NT12-000
ThunderLink NS 1101, Thunderbolt-10Gb Ethernet Desklink	F-TLNS-1101-000
ThunderLink NT 1102, Thunderbolt-10Gb Ethernet RJ45 Desklink	F-TLNT-1102-000

## How to Buy

Solutions are available through ATTO-Isilon Joint Resellers:

p +1.716.691.1999
