

QLC2100.Z FILE EXTRACTION AND EXECUTION:

You need to uncompress the diskette image file (qlc2100.Z).
uncompress qlc2100

Copy the diskette image file (qlc2100) to the diskette using the dd command.
dd if=qlc2100 of=/dev/fd0

Now run the pkgadd utility to install driver.
pkgadd -d diskette1
